### Notes and References

**Reference(s)** Any after-hours (5pm CST) problems/concerns/updates please call 319-646-2416.  
On warm days we ask that reefers are set to 32 F  
Trailers should be pre-cooled to below 40 F prior to loading  
If a trailer is above 40 F and the air tunnel is also temping higher then 40F, warehouse team will not be able to load the trailer. (We would ask that the driver continue to run his reefer with the door closed -- and retemp after the trailer gets back to below 40F)  
Let me know if you have questions.  
UNFI detention begins 2 hours after appointment time. Driver must notify our dispatch team 1 hour prior to detention time beginning. A UNFI detention slip MUST be turned in with POD for payment.
